### Checklist Prior to WoodBridge Plus Purchase

- Check with your local city hall for building ordinances & CCR's.
- Be sure that intended placement of shed is within your property lines.
- Do not build shed over utility lines (gas, electrical, water, telephone, cable, etc).
- Measure the size of the intended shed site and make sure you have a level wooden or concrete foundation.

## PACKAGING

The building is packaged in a heavy duty cardboard box with plastic shrink wrapped on a wood pallet. The packaging includes all components, hardware and an illustrated step-by-step instruction booklet.

Ship common carrier required lift gate on residential delivery.

## ASSEMBLY MADE EASY

The assembly is simple, clean, safe and can be completed in four to ten hours depending on the size of the shed with two people. All parts are pre-cut, drilled and numbered for ease of assembly. All you need to provide is a level surface of either wood, or concrete, the size of the desired building. In addition you will need a power drill, hammer, measuring tape, pliers and a ladder.
